## A JOURNAL OF NEUROLOGY,

FOR

VOL. XLVII, 1924.

---

## INDEX OF AUTHORS.

PAGE

**Adie, W. J.**
Pyknolepsy: a form of epilepsy occurring in children .. .. .. .. 96

**Adie, W. J.**
Progressive muscular atrophy occurring forty-two years after infantile paralysis .. 245

**Adie, W. J.**
Cerebro-macular degeneration .. .. .. .. .. .. 251

**Adrian, E. D.**
Recent work on inhibition .. .. .. .. .. .. .. 399

**Barnes, S.**
Progressive lenticular degeneration and hepatic cirrhosis .. .. .. 239

**Beritoff, J. S.**
The fundamental nervous processes in the cerebral cortex .. .. 109, 358

**Bouman, L.**
Encephalitis periaxialis diffusa .. .. .. .. .. .. 453

**Bromley, L.**
Value of X-rays in the localization of cerebral and spinal tumours .. .. 382

**Carmichael, E. A., and Paterson, D.**
Familial cerebral degeneration affecting the lenticular nucleus .. .. .. 207

**Cobb, S.**
Electromyographic studies of experimental convulsions .. .. .. 70

**Cobb, S.**
Pyknolepsy .. .. .. .. .. .. .. .. 100

**Cobb, S.**
Electromyograms of voluntary movement .. .. .. .. .. 101

**Collier, J.**
Pyknolepsy .. .. .. .. .. .. .. .. 100

24/111

PAGE

**Collier, J.**
Friedreich's ataxia .. .. .. .. .. .. .. .. 235

**Collier, J.**
Bilateral facial paralysis of traumatic origin .. .. .. .. .. 250

**Collier, J.**
Pathogenesis of cerebral diplegia .. .. .. .. .. .. 1

**Collier, J.**
Spasm of the muscles of the face .. .. .. .. .. .. 246

**Collier, J.**
Myopathy confined to the face .. .. .. .. .. .. 232

**Collier, J.**
Progressive muscular atrophy following poliomyelitis .. .. .. .. 245

**Collier, J., and Greenfield, J. G.**
The encephalitis periaxialis of Schilder .. .. .. .. .. 489

**Critchley, M., and O'Flynn, E.**
Calcium content of the cerebrospinal fluid .. .. .. .. .. 337

**Duncan, A. G.**
Sequelæ of encephalitis lethargica .. .. .. .. .. .. 76

**Feiling, A.**
Pyknolepsy .. .. .. .. .. .. .. .. 100

**Feiling, A.**
Pontine lesion of traumatic origin .. .. .. .. .. .. 249

**Feiling, A.**
Amyotonia congenita .. .. .. .. .. .. .. 239

**Feiling, A.**
Total unilateral ophthalmoplegia with foot-drop .. .. .. .. 238

**Feiling, A.**
Adult cretinism .. .. .. .. .. .. .. .. 238

**Fox.**
Pyknolepsy.. .. .. .. .. .. .. .. .. 100

**Golla, F., and Hettwer, J.**
Electromyograms of voluntary movement .. .. .. .. .. 57

**Greenfield, J. G.**
Electromyograms of voluntary movement .. .. .. .. .. 102

**Greenfield, J. G.**
Slowly growing endothelioma .. .. .. .. .. .. 248

**Greenfield, J. G., and Collier, J.**
The encephalitis periaxialis of Schilder .. .. .. .. .. 489

**Harris, W.**
Amyotrophic lateral sclerosis .. .. .. .. .. .. 236

**Harris, W.**
Poliomyelitis .. .. .. .. .. .. .. .. 237

**Harris, W.**
Hyperidrosis in syringomyelia .. .. .. .. .. .. 237

PAGE

**Head, H.**
Pyknolepsy .. .. .. .. .. .. .. .. .. 100

**Hettwer, J., and Golla, F.**
Electromyograms of voluntary movement .. .. .. .. .. 57

**Holmes, G.**
Pyknolepsy.. .. .. .. .. .. .. .. .. 100

**Holmes, G.**
Electromyograms of voluntary movement .. .. .. .. .. 101

**Holmes, G.**
Pontine lesion of traumatic origin .. .. .. .. .. .. 250

**Howell, C. M. H.**
Acromegaly and syringomyelia .. .. .. .. .. .. 247

**Hunter, J. I.**
The postural influence of the sympathetic nervous system .. .. .. 261

**Jefferson, G.**
The value of X-rays in the localization of cerebral and spinal tumours .. .. 378

**McAlpine, D.**
Plastic tonus as a rare sequela of epidemic encephalitis.. .. .. .. 178

**McConnell, A. A.**
The value of X-rays in the localization of cerebral and spinal tumours .. .. 381

**Martin, J. P.**
Myotonia atrophica .. .. .. .. .. .. .. .. 233

**Monrad-Krohn, G. H.**
Dissociation of voluntary and emotional innervation in facial paresis of central origin 22

**O'Flinn, E., and Critchley, M.**
The calcium content of the cerebrospinal fluid .. .. .. .. 337

**Paterson, D., and Carmichael, E. A.**
Familial cerebral degeneration affecting the lenticular nucleus .. .. .. 207

**Paton, L. J.**
Cerebro-macular degeneration .. .. .. .. .. .. 251

**Penfield, W.**
Oligodendroglia and its relation to classical neuroglia .. .. .. .. 430

**Pick, A.**
The pathology of echographia .. .. .. .. .. .. 417

**Raeder, J. G.**
"Paratrigeminal" paralysis of the oculo-pupillary sympathetic .. .. .. 149

**Riddoch, G.**
Juvenile tabes with nystagmus, dysarthria and head-rolling .. .. .. 243

**Riddoch, G.**
Muscular atrophy resembling the peroneal type .. .. .. .. 242

**Rosett, J.**
The experimental production of rigidity, of involuntary movements and of abnormal state of consciousness in man .. .. .. .. .. .. 293

PAGE

**Royle, N. D.**
The treatment of spastic paralysis ... .. .. .. .. .. 275

**Russell, J. S. R.**
Cerebro-macular degeneration .. .. .. .. .. .. 251

**Sargent, P.**
Value of X-rays in the localization of cerebral and spinal tumours .. .. 377

**Spiller, W. G.**
Ophthalmoplegia internuclearis anterior .. .. .. .. .. 345

**Stewart, J. P.**
The value of X-rays in the localization of cerebral and spinal tumours .. .. 381

**Stewart, J. P.**
Bilateral facial paralysis of traumatic origin .. .. .. .. .. 250

**Stewart, T. G.**
Syphilitic amyotrophy .. .. .. .. .. .. .. 246

**Symonds, C. P.**
Pontine lesion of traumatic origin ... .. .. .. .. .. 250

**Symonds, C. P.**
The value of X-rays in the localization of cerebral and spinal tumours .. .. 381

**Symonds, C. P.**
Pathological anatomy of disseminated sclerosis .. .. .. .. 36

**Thompson, H. C.**
Symptoms following encephalitis lethargica .. .. .. .. .. 236

**Turner, W. A.**
Involuntary movement of one arm .. .. .. .. .. .. 244

**Walshe, F. M. R.**
The nature of the muscular rigidity of paralysis agitans, and on its relationship to tremor .. .. .. .. .. .. .. .. .. 159

**Weber, Parkes**
Pyknolepsy .. .. .. .. .. .. .. .. .. 100

**Wilson, S. A. K.**
Syringomyelia .. .. .. .. .. .. .. .. 237

**Wilson, S. A. K.**
Progressive lenticular degeneration .. .. .. .. .. .. 241

**Wilson, S. A. K.**
Central gliosis of spinal cord .. .. .. .. .. .. .. 248

**Wilson, S. A. K.**
Slow-growing endothelioma removed by operation .. ... .. .. 248

**Wilson, S. A. K.**
Parkinsonian sydrome with Argyll Robertson pupils .. .. .. .. 247

**Worster-Drought**
Friedreich's ataxia with double optic atrophy .. .. .. .. .. 235

**Worster-Drought, C.**
Tumour of the acoustic nerve .. .. .. .. .. .. 233

**Worster-Drought, C.** PAGE
Pontine lesion of traumatic origin with alternate paralysis. (Millard-Gubler syndrome) .. .. .. .. .. .. .. .. 249

**Worster-Drought, C.**
Bilateral facial paralysis of traumatic origin .. .. .. .. .. 250

---

# INDEX OF SUBJECTS.

**Acoustic nerve,** tumour of. C. Worster-Drought .. .. .. .. .. 233
**Acromegaly** and syringomyelia. C. M. Hinds Howell .. .. .. .. 247
**Amyotonia congenita.** A. Feiling .. .. .. .. .. .. 239
**Amyotrophic lateral sclerosis.** W. Harris .. .. .. .. .. 236
**Amyotrophy,** syphilitic. T. Grainger Stewart .. .. .. .. .. 246
**Calcium** content of the cerebro-spinal fluid. M. Critchley and E. O'Flynn .. .. 337
**Cerebral degeneration,** a form of familial, affecting the lenticular nucleus. D. Paterson and E. A. Carmichael .. .. .. .. .. .. 207
**Cerebral diplegia,** pathogenesis of. J. Collier .. .. .. .. .. 1
**Cerebro-macular degeneration.** W. J. Adie .. .. .. .. .. 251
**Cerebro-macular degeneration.** J. S. R. Russell.. .. .. .. .. 251
**Cerebro-spinal fluid,** the calcium content of. M. Critchley and E. O'Flynn .. 337
**Convulsions,** experimental, electromyographic studies of. S. Cobb .. .. .. 70
**Cortex, cerebral,** on the fundamental nervous processes in the. J. S. Beritoff 109, 358
**Cretin,** an adult. A. Feiling .. .. .. .. .. .. .. 238
**Diplegia,** cerebral, pathogenesis of. J. Collier .. .. .. .. .. 1
**Disseminated sclerosis,** pathological anatomy of. C. P. Symonds .. .. .. 36
**Echographia,** pathology of. A. Pick .. .. .. .. .. .. 417
**Electromyograms,** a study of the, of voluntary movement. F. Golla and J. Hettwer .. .. .. .. .. .. .. 57, 101
**Electromyographic** studies of experimental convulsions. S. Cobb .. .. .. 70
**Encephalitis lethargica,** symptoms following. H. C. Thompson .. .. .. 236
**Encephalitis lethargica,** plastic tonus as a sequela of. D. McAlpine .. .. 178
**Encephalitis lethargica,** the sequelæ of. A. G. Duncan .. .. .. .. 76
**Encephalitis periaxialis diffusa.** L. Bouman .. .. .. .. .. 453
**Encephalitis periaxialis diffusa.** J. Collier and J. G. Greenfield .. .. .. 489
**Epilepsy,** pyknolepsy, a form of, occurring in children. W. J. Adie .. .. 96
**Facial paresis,** bilateral, of traumatic origin. C. Worster-Drought .. .. 250
**Facial paresis,** the dissociation of voluntary and emotional innervation in. G. H. Monrad-Krohn .. .. .. .. .. .. .. .. 22
**Familial cerebral degeneration,** a form of, affecting the lenticular nucleus. D. Paterson and E. A. Carmichael .. .. .. .. .. .. 207
**Friedreich's ataxia** with double optic atrophy. C. Worster-Drought .. .. 235
**Gliosis,** central, of the cord. S. A. K. Wilson .. .. .. .. .. 248
**Hepatic cirrhosis,** progressive lenticular degeneration and. S. Barnes .. .. 239
**Hyperidrosis** in syringomyelia. W. Harris .. .. .. .. .. 237
**Inhibition,** recent work on. E. D. Adrian .. .. .. .. .. 399
**Lenticular degeneration,** progressive, and hepatic cirrhosis. S. Barnes .. .. 239
**Lenticular nucleus,** familial cerebral degeneration affecting the. D. Paterson and E. A. Carmichael .. .. .. .. .. .. .. 207
**Millard-Gubler syndrome.** C. Worster-Drought .. .. .. .. .. 249

PAGE

**Movement, involuntary,** of one arm. W. A. Turner .. .. .. .. 244
**Movements, involuntary,** the experimental production of. J. Rosett .. .. 293
**Movement, voluntary,** a study of electromyograms of. F. Golla and J. Hettwer 57, 101
**Muscular atrophy** resembling the peroneal type. G. Riddoch .. .. .. 242
**Myopathy** confined to the face. J. Collier .. .. .. .. .. 232
**Myotonica atrophica.** J. P. Martin .. .. .. .. .. .. 233
**Neuroglia,** oligodendroglia and its relation to. W. Penfield .. .. .. 430
**Nystagmus,** juvenile tabes with. G. Riddoch .. .. .. .. .. 243
**Oligodendroglia** and its relation to classical neuroglia. W. Penfield .. .. 430
**Ophthalmoplegia** internuclearis anterior. W. G. Spiller .. .. .. .. 345
**Ophthalmoplegia,** total unilateral, with foot-drop. A. Feiling .. .. .. 238
**Optic atrophy,** Freidreich's ataxia with double. C. Worster-Drought .. .. 235
**Paralysis agitans,** the nature of the muscular rigidity of, and its relationship to tremor. F. M. R. Walshe .. .. .. .. .. .. .. 159
**Paralysis, spastic,** the treatment of. N. D. Royle .. .. .. .. 275
**Paratrigeminal paralysis** of the oculo-pupillary sympathetic. J. G. Raeder .. .. 149
**Parkinsonian syndrome** with Argyll Robertson pupils. S. A. K. Wilson .. .. 247
**Peroneal atrophy,** muscular atrophy resembling. G. Riddoch .. .. .. 242
**Poliomyelitis,** progressive muscular atrophy following. J. Collier .. .. .. 245
**Poliomyelitis,** progressive muscular atrophy occurring forty-two years after. W. J. Adie .. .. .. ... .. .. .. .. .. 245
**Poliomyelitis.** W. Harris .. .. .. .. .. .. .. 237
**Pontine lesion.** C. Worster-Drought .. .. .. .. .. .. 249
**Posture,** the postural influence of the sympathetic nervous system. J. I. Hunter .. 261
**Progressive muscular atrophy** following poliomyelitis. J. Collier .. .. .. 245
**Progressive muscular atrophy** occurring forty-two years after infantile paralysis. W. J. Adie .. .. .. .. .. .. .. .. .. 245
**Pupils, Argyll Robertson.** A Parkinsonian syndrome with. S. A. K. Wilson .. 247
**Pyknolepsy,** a form of epilepsy occurring in children. W. J. Adie .. .. .. 96
**Rigidity,** experimental production of. J. Rosett .. .. .. .. .. 293
**Rigidity,** muscular, in paralysis agitans and its relation to tremor. F. M. R. Walshe 159
**Schilder's disease,** encephalitis periaxialis diffusa. J. Collier and J. G. Greenfield .. 489
**Spasm** of the muscles of the face. J. Collier .. .. .. .. .. 246
**Spasticity,** the treatment of spastic paralysis. N. D. Royle .. .. .. 275
**Sympathetic nervous system,** the postural influence of. J. I. Hunter .. .. 261
**Sympathetic,** oculo-pupillary, paratrigeminal paralysis of. J. G. Raeder .. .. 149
**Syringomyelia,** hyperidrosis in. W. Harris .. .. .. .. .. 237
**Syringomyelia,** a case of acromegaly and. C. M. Hinds Howell .. .. .. 247
**Tabes,** juvenile, with nystagmus, dysarthria and head rolling. G. Riddoch .. .. 243
**Tonus,** plastic, a clinical study of, as a sequela of epidemic encephalitis. D. McAlpine 178
**Tremor,** the nature of the muscular rigidity of paralysis agitans and its relationship to. F. M. R. Walshe .. .. .. .. .. .. .. 159
**Tremor,** disappearance after hemiplegia. S. A. K. Wilson .. .. .. .. 247
**Tumour, intracranial,** a very slowly-growing endothelioma. S. A. K. Wilson .. 248
**Tumour, spinal,** central gliosis of the cord. S. A. K. Wilson .. .. .. 248
**Tumour, spinal,** value of X-rays in the localization of. P. Sargent, J. P. Stewart and C. P. Symonds .. .. .. .. .. .. .. .. 377
**Tumours, cerebral,** value of X-rays in the localization of. P. Sargent, G. Jefferson and A. A. McConnell .. .. .. .. .. .. .. 377
**Tumours, intracranial,** a case of, of the acoustic nerve. C. Worster-Drought .. 233
**Ventriculography.** P. Sargent, G. Jefferson and A. A. McConnell .. .. .. 377

# INDEX OF NOTICES OF BOOKS.

## INDEX OF AUTHORS.

PAGE

**Alexander, G., Marburg, O., and Brunner, H.**
Handbuch der Neurologie der Ohres .. .. .. .. .. 104, 393

**Birnbaum, K.**
Der Aufbau des Psychose .. .. .. .. .. .. .. 524

**Borda, J. T.**
Cortes Transversales Seriados del Tronco Encefalico .. .. .. .. 106

**Ceni, C.**
Il Cervello e le Funzioni Materne .. .. .. .. .. .. 103

**Dumas, G.**
Traité de psychologie .. .. .. .. .. .. .. 521

**Fabritus, H.**
Zur Klinik der nichtparalytischen Lues-psychosen .. .. .. .. 258

**Feuchtwanger, E.**
Die Funktionen der Stirnhirns .. .. .. .. .. .. 256

**Hochstetter, F.**
Beiträge zur Entwicklungsgeschichte des menschlichen Gehirns.. .. .. 259

**Jakob, A.**
Die extrapyramidalen Erkrankungen .. .. .. .. .. .. 258

**Jarrett, M. C., and Southard, E. E.**
The kingdom of evils .. .. .. .. .. .. .. 106

**Lewandowsky, M.**
Handbuch der Neurologie .. .. .. .. .. .. . 394

**Magnus, R.**
Körperstellung .. .. .. .. .. .. .. .. 383

**Nonne, M.**
Syphilis und Nervensystem .. .. .. .. .. .. .. 105

**Parsons, J. H.**
Colour vision .. .. .. .. .. .. .. .. 395

**Rademaker, G. G. J.**
De Beteekenis der Roode Kernen .. .. .. .. .. .. 390

**Richardson-Robinson, F., and Robinson, E. S.**
Readings in general psychology .. .. .. .. .. .. 107

**Robinson, E. S., and Richardson-Robinson, F.**
Readings in general psychology .. .. .. .. .. .. 107

**Schilder, P.**
Medizinische Psychologie für Ärzte und Psychologen .. .. .. .. 522

**Semon, R.**
Mnemic psychology .. .. .. .. .. .. .. .. 254

**Smith, G. E.**
Essays on the evolution of man .. .. .. .. .. .. 523

**Southard, E. E., and Jarrett, M. C.**
The kingdom of evils .. .. .. .. .. .. .. 106

PAGE

**Spiegel, E. A.**
Zur Physiologie und Pathologie des Skelettmuskeltonus .. .. .. 257

**Stewart, J. P.**
The diagnosis of nervous disease .. .. .. .. .. .. 395

**Stookey, B.**
Surgical and mechanical treatment of peripheral nerves .. .. .. 397

**Strümpell, A.**
Leitfaden für die Untersuchung und Diagnostik der wichtigsten Nervenkrankheiten 396

**Sullivan, W. C.**
Crime and insanity .. .. .. .. .. .. .. .. 397

**Weigeldt, W.**
Studien zur Physiologie und Pathologie des Liquor cerebrospinalis .. .. 520

---

## INDEX OF SUBJECTS.

**Anatomy.** Cortes Transversales Seriados del Tronco Encefalico. J. T. Borda .. 106
**Brain.** Beitrage zur Entwicklungsgeschichte des menschlichen Gehirns. F. Hochstetter 259
**Brain.** Il Cervello e le Funzioni Materne. C. Ceni .. .. .. .. 103
**Cerebro-spinal fluid.** Studien zur Physiologie und Pathologie des Liquor Cerebrospinalis. W. Weigeldt .. .. .. .. .. .. .. 520
**Colour vision.** J. H. Parsons .. .. .. .. .. .. .. 395
**Ear.** Handbuch der Neurologie der Ohres. O. Marburg, G. Alexander, H. Brunner 104, 393
**Evolution.** Essays on the evolution of man. G. E. Smith .. .. .. 523
**Extrapyramidal diseases.** Die extrapyramidalen Erkrankungen. A. Jakob .. 258
**Forebrain.** Die Funktionen der Stirnhirns. E. Feuchtwanger .. .. .. 256
**Insanity.** Crime and insanity. W. C. Sullivan .. .. .. .. .. 397
**Insanity.** Der Aufbau der Psychose. K. Birnbaum .. .. .. .. 524
**Muscle.** Zur Physiologie und Pathologie des Skelettmuskeltonus. E. A. Spiegel .. 257
**Neurology.** Leitfaden für die Untersuchung und Diagnostik der wichtigsten Nervenkrankheiten. A. Strümpell .. .. .. .. .. 396
**Neurology.** The diagnosis of nervous disease. J. P. Stewart .. .. .. 395
**Neurology.** Handbuch der Neurologie. M. Lewandowsky .. .. .. 394
**Neurology.** Handbuch der Neurologie der Ohres. G. Alexander, O. Marburg and H. Brunner .. .. .. .. .. .. .. 104, 393
**Peripheral nerves,** surgical and mechanical treatment of. B. Stookey .. .. 397
**Psychology,** mnemic. R. Semon .. .. .. .. .. .. 254
**Psychology.** Medizinische Psychologie für Ärzte und Pyschologen. P. Schilder .. 522
**Psychology.** Readings in general. E. S. Robinson and F. Richardson-Robinson .. 107
**Psychology.** Traité de psychologie. G. Dumas .. .. .. .. .. 521
**Red nucleus.** De Beteekenis der Roode Kernen. G. G. J. Rademaker .. .. 390
**Reflexes.** Körperstellung. R. Magnus .. .. .. .. .. .. 383
**Sociology.** The kingdom of evils. E. E. Southard and M. C. Jarrett .. .. 106
**Spinal cord,** injuries of the, and cauda equina. Medical Research Council .. .. 523
**Syphilis.** Syphilis und Nervensystem. M. Nonne .. .. .. .. 105
**Syphilis.** Zur Klinik der nichtparalytischen Lues-psychosen .. .. .. 258
